PASSENGER STATION AT EARLINGTON

To be Improved—New Ladies Waiting Room will be Erected and Concrete Platform Laid

Mayor W. E. Rash broke the good news gently to The Bee Saturday night that he had the assurance from L. & N. officials who were in a position to know that Earlington was to have a new concrete platform laid from the passenger station on Main street to the water tank on Moss avenue. Also that these same officials promised that a new waiting room for ladies would be erected on the north side of the old passenger station and other improvements made along this line. The people of this vicinity will surely welcome these improvements, especially the concrete platform, as it is now quite a problem to board one of the thru trains without a stepladder or a puller and a pusher. This work will be begun within the next few days and rushed to completion.

LEAD AND ZINC MINES

SHOW MARKED ACTIVITY SINCE PRICES OF COMMODITIES HAVE GREATLY RISEN

Marion, Ky., Aug. 21.—The rapidly-increasing price of lead and zinc, which has been soaring for many months, has reached such a high level that it is causing a great revival of activity in the mines of this and Livingston counties. Many of the properties that had formerly been abandoned are again in shape for working.

For several months a string of wagons has been hauling zinc and fluorspar daily from the mines to the depot at the place for shipment. And as many are hauling to Mexico, a point on the Illinois Central railroad, about nine miles south of here. Several carloads of zinc and spar are shipped from Marion and Mexico to the markets each week.

There are three large mills within the corporate limits of Marion.

There is a renewed activity throughout the entire district that has not been known since the days of the "Old Jim" carbonate of zinc mine that was owned by Blue & Nunn of this city, and which was the wonder of the mining world.

The mining industry was for many years the greatest feature of the business life of Crittenden county, but for the last few years it has been rather "draggy."

THE RE-UNION AT EARLINGTON

The Confederate reunion to be held at Earlington Wednesday, Aug. 26th, promises to be a very pleasant event and every one is invited to attend with well filled baskets. The Earlington park is a very delightful place for this gathering and it is to be hoped that each Confederate in Hopkins and adjoining counties, as well as their friends, will be there and have one delightful day.

The younger people of Hopkins county should exert themselves to make this a great day for the older ones of this order, and we believe and hope that such will be the case.

ROBINSON'S --SHOWS--

Coming to Madisonville, Ky.

Mammoth enterprise will pitch tents in Madisonville in the good old Summer time. August 31st is the date fixed when the streets will be crowded with not only city people but people from miles around. The county swain will be on deck to buy his "yellow-haired, freckled-face" steady and usual amount of "red lemonade and circus peanuts." for it will be circus day. The Robinson Famous Shows will pitch its tents here for one day, and the small boy will set up all night to see the show come in. Next day he will be in evidence around the grounds looking for a chance to carry water to elephants in order to get a free pass. The sedate business man will have a well disguised shiver of anticipation, and when he is found wending his way to the show ground will excuse himself by saying, "I didn't care about the show, but the boy wanted to come." Oh, no, he did not care about the show. Children come in handy occasionally to lay things to.

The rural residents will have figured out long in advance that the 31st day of August is just the day that he has important business at Madisonville. But what's the use? We'll all go, so hurrah for the circus!—Adv.

Diplomatic Johnny.
John was playing in the back yard with a crowd of other little fellows. Suddenly someone said, "Let's have a party." Accordingly, each one went to his mother for something to contribute. John's mother was making cookies and gave him one for each of the others. When he came down and saw that the other little boys brought bread and butter, he exclaimed, "O, everybody eat what they brought!"

Dog Figured Things Out.
A St. Louis man had his left foot caught between the bumpers of two freight cars on a siding, and was unable to extricate himself. The man, who had become unconscious, might have lost his life if a Scotch collie had not understood the situation. The dog ran home, only a short distance, and gave the alarm. An investigation followed, and the man was saved.

United States Laws.
An act when passed by both houses of congress and signed by the president becomes a law. If at any time thereafter questions of its constitutionality arise the matter is settled by the Supreme court. The court has more than once declared acts of congress unconstitutional, as, for instance, the "civil rights" bill.

Disquieting Announcement.
Three-year-old Alice and her parents were going away for a visit. The morning of their departure, as train time neared, Alice watched excitedly for the cab to take them to the depot. As that vehicle came in sight she ran to her mother screaming, "Mamma, mamma! Our hearse has come!"

Hackneyed Shakespeare.
"Yes," said Mr. Parvey New, "that fellow Shakespeare has some pretty good ideas and writes some very good things, but his works are full of hackneyed phrases. Why, I absolutely know that lots of them have been used as common slang ever since I was a mere boy."

Most Glowing.
An old man attended a public funeral in honor of an American statesman a few years ago. In describing it to a Boston friend, a close relative, he said enthusiastically: "Jim, it was grand. It was the most glowin' parlor of words I have ever had 'casion to listen to!"

Writer's Style.
Style! Style! Why, all writers will tell you that it is the very thing which can least of all be changed. A man's style is nearly as much a part of him as any part of his being which is at least subjected to the action of his will.—Fenelon.

Quite a Difference.

Japanese "Beniki."
In Formosa there is a tree between 2,500 and 3,000 years old, with a circumference of 65 feet, and the lowest branch 45 feet from the ground. The tree is a species of cypress, the Japanese "beniki."

Japanese Gardens.
The Japanese lay out their gardens so as to suggest famous scenes in their history. Miniature landscapes are laid out so as to recall well-known spots in history, and suggest the events that have taken place there.

Ointment for Chilblains.
A European physician recommends the following formula to relieve chilblains: Camphor, one gram; balsam of Peru, one and a half grams; white wax, 40 grams, and flaxseed oil, 80 grams.

Desire Linked With Will.
Someone has said that one may see the fulfillment of any desire if it is linked with will. There must be purposeful, concentrated willing all along the line to make any issue successful.

That's Different.

But This Does Not Bother Mrs. Burton, Under the Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. S. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardul, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardul, the woman's tonic. I have taken two bottles of Cardul, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardul to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardul. It has been helping weak women back to health and strength for more than 50 years. It will help you. At all dealers.

A Soluble Antiseptic Powder to be dissolved in water as needed

For Douches

In the local treatment of woman's ills, such as leucorrhoea and inflammation, hot douches of Paxtine are very efficacious. This is because Paxtine possesses superior cleansing, disinfecting and healing properties.

NEVER SAW SALOON

Open Rum Shop Unknown to Thousands of Kansas Children

San Francisco—In the course of an address at the exposition Governor Capper remarked that there are 500,000 boys and girls in Kansas who never saw a saloon. His speech was delivered at the Kansas building in celebration of Kansas day.

"It is a good thing to live in Kansas it is because the people of Kansas have made it so," said Governor Capper. "Kansas people have never dodged a difficulty or refused to face an issue." Kansas is now a good place in which to live largely because thirty years ago we dared to make the open saloon an outlaw. Because we were not afraid to attack a curse as ancient as human history and put it from us forever.

"I am immensely proud of the fact that Kansas has 500,000 boys and girls who never saw an open saloon. And now that national prohibition and world-wide prohibition are coming just as surely as tomorrow's sunrise, Kansas has done, is doing and will do more to bring this great blessing about than any other one again."

Despondency Due to Indigestion

"About three months ago when I was suffering from indigestion which caused headache and dizzy spells and made me feel tired and despondent, I began taking Chamberlain's Tablets," writes Mrs. Gao Hui, Madison, N. Y. "This medicine proved to be the very thing I needed, as one day's treatment relieved me greatly. I used two bottles of Chamberlain's Tablets and they rid me of this trouble." Obtainable everywhere.

Skeptical.

Minister calling on inmate of prison: "Remember, Mr. Kenney, that stone walls do not a prison make nor iron bars a cage." Kenney—Well, they've got me hypnotized, then; that's all.
